Display Kit

Galley with Island

A kit kitchen is intended to be able to show many options that Zonavita offers. A merchandiser to house your hand out samples and door sample kit is built right in.

- Merchandiser cabinet
- Pull-out shelves
- Glass door w/ white linen interior
- Plenty of lighting
- Aluminum framed doors w/ white linen interior
- Wingline hardware
- Double trash
- Tray dividers in a wall cabinet & base cabinet
- No appliances or plumbing fixtures required
(note: hood fan is mocked-up with puck-lights on the display)

Tailor Made

A simple 'kit' to show Zonavita product, without needing any appliances, plumbing, or adjustments to walls. We provide all the parts & pieces – including a countertop & backsplash. Since the door and draw fronts are the only parts with a textured melamine, and the frame is a solid colour, this provides the ability to change the 8 fronts out whenever you want to refresh the display, or show new product. The merchandiser cabinet included is built to house your sample door set and hand out samples. Keeping everything in one place.

- Merchandiser cabinet
- Open cabinet for countertop sample stands (3 able to be shown)
- Shelves with lighting to be able to place sample doors to display
- Strip lighting – valance and no valance
- No appliances or plumbing fixtures required

Kitchens

Straight with Island

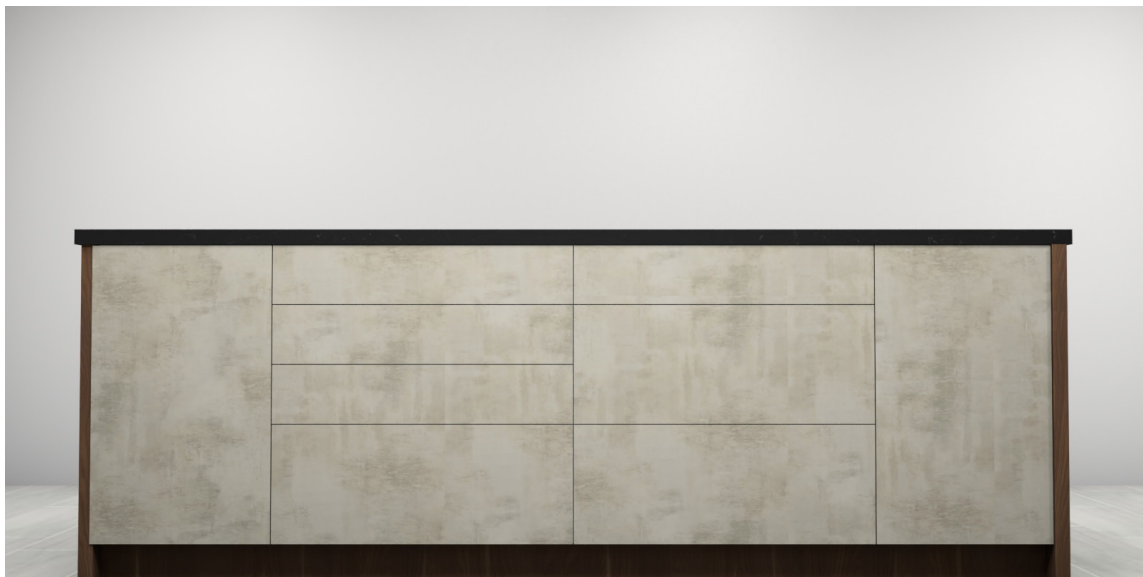

- Strip lighting & puck lighting
- Tray dividers
- Pull-out shelves
- Planero pull-out pantry
- Wingline doors
- Double trash unit
- 2, 3, and 4 drawer stack
- No appliances or plumbing fixtures required

Straight with Island

Tri-colour display showing two texture melamines and a UV Laquer. Packed with options.

Linear

Two different melamine textures to pop for visual interest. Handleless display allows the textures & lines speak for themselves.

- Glass doors with a gris gru interior
- Tray dividers
- Pull-out shelves
- Tilt-up and straight up door hardware
- Servo-drive for upper cabinets
- Touch sensor switch for lights
- No appliances or plumbing fixtures required

Transitional Twist

Transitional Twist

Showcase all three doorstyles Zonavita has to offer, multiple interiors, and plenty of lighting. This display also shows all 3 types of finishes: TFL, UV Laq, and Supermat melamine. It is filled with details to show what our Zonavita line has to offer.

- Strip lighting & puck lighting
 - Interior & exterior different temperatures
- Wingline countertop cabinets w/ lights on sensors
- Strip lights w/ valance & touch sensor switch
- Tray dividers
- Aluminum framed doors
- Tip-on Drawers
- No appliances or plumbing fixtures required

Vanities

Within Reach

A-symmetrical vanity provides plenty of storage

- U-shaped drawer
- Open finished cabinet
- Wall mount hardware included

Defy Gravity

With a small space we're still able to provide visual interest and marry the floating vanity to the floating tower with matching materials. Even though the vanity is smaller, there is no small amount of storage.

- U-shaped drawer
- Tower with tip-on doors
- Strip lighting in open section

Peak Hold

Off-set sink provides maximum storage.

- U-shaped drawer
- Mirrors with finished sides and open bottom, Aluminum recessed grip

Bar

Small but Mighty

This smaller display includes 4 different finishes – which are able to shine with a handleless display. The textured wood melamine could easily be swapped out in the future to display new product or a quick refresh.

- Double trash cabinet w/ Envy-kick
- U-shaped drawers
- Pull-out shelves
- Inner drawer
- Wingline bi-fold cabinet w/ lighting on a sensor switch
- Servo drive & tip on for tilt-up cabinets
- Floating shelf w/ lighting on a touch sensor switch
- Strip lighting w/ valance above floating shelf

Mudroom

◀ Tough Supply

Zonavita is the perfect option for a mudroom. The water-resistant materials suit the application of the space. The slab doors make it easy to clean if it were in a home.

- Tip-on doors & drawers
- Lighting
- Pull-out shelves
- No appliances or plumbing fixtures required

Supermat Stash

This display could be shown for a mudroom or a closet. Trends are leaning towards beautiful closets in the bedroom as cabinetry, as opposed to walk in closets. A majority of this display is the supermatt melamine with a pop of texture melamine providing a cost-effective option for the home owner.

- Tip-on doors & drawers
- Lighting
- Pull-out shelves
- No appliances or plumbing fixtures required
